

Our Equo-P pendant light design embodies a minimalist, stylish, and imaginative concept, employing exquisite process and rigorous material selection standards to achieve a richly textured appearance. The optical module comprises microstructured optical lenses and anti-glare louvre, with UGR < 13. Comfortable and soft light distribution is achieved through different beam angles (75° for direct light and 155° for indirect light). Typical luminous efficacy reaches 135 lm/W, flicker free. It supports DIP switch in CCT and power . Linkable optional. The main materials are aluminum, steel, and PC.

## Features

Simple and rich textured design

Light efficiency up to 135lm/W

$L_{max} \geq 65^\circ < 1000 \text{ cd/m}^2$

Ultimate uniform and quality lighting effects with professional glare control, UGR <13

Linkable design provide a clean, simple link

Direct and Indirect lighting

5 years warranty

## Application Areas

For open-plan office, Individual office, meeting room, Guest room , etc..
